

***INSPIRATIONAL OUTERWEAR  
FOR DECORATION***

**PRESSURE<sup>®</sup>**

# SINCE 1995

**Result**® Clothing was founded to provide the decoration, promotions and uniform industry with good quality outdoor apparel from stock. **Result**® is proud of its heritage and understanding of the garment decoration industry, with each of its styles critically designed to accommodate the need for easy decoration access and tested with both the wearer and decorator in mind. Stocks are held in the UK ready for immediate despatch using a superior logistics network to all major European distributors.

In 1994, based his previous 20 year reputation and experience in garment manufacturing, MD David Sanders-Smith

led a small supporting team to design, produce, stock and distribute 10 styles from his archive of bespoke patterns and in 1995, **Result**® Clothing Limited commenced trading with 3 distributors. Today the same team are senior decision makers running their own departments within a company now treble the size to control and support **Result**® which has expanded its' range to over 5800 SKU across 5 brands and 300 unique products.

Family-owned **Result**®'s reputation for producing high quality, high value product within the industry is well regarded and our experience has grown alongside our expertise. When developing new styles the use of performance fabrics is always key and decoration access of great importance. Our personable customer service, electronic ordering, massive stock capability, superior logistics network and future trend predictions are renown. Our marketing and product information is well catalogued and recognised as the industry standard, continually attracting and informing a loyal and ever growing customer base of garment decorators, uniform suppliers and trade outlets.

**Result**® boasts a fully comprehensive stock selection of dynamic outerwear and, delivering outstanding value for money, it remains the garment decorator's brand of choice. In support of its worldwide distributor network, the **CORE VALUE**® collection supplies low cost, neutral branded, promotional wear, it has been adopted as "Everyone's favourite budget friendly range". **Result**® continues to expand this uncomplicated collection, offering genuine value for money in durable styles and are working towards full traceability within our supply chain.

## Result® IN NUMBERS

OUR REPUTATION FOR PRODUCING HIGH QUALITY, HIGH VALUE PRODUCTS WITHIN THE INDUSTRY IS WELL KNOWN AND OUR EXPERIENCE HAS GROWN ALONGSIDE OUR EXPERTISE, CUSTOMER SERVICE SKILL, STOCKING CAPABILITY, DESPATCH FACILITY AND TREND ANTICIPATION.

### PRODUCT DIRECTORY

resultclothing.com

# Result recycled

Understated and stylish, our **RECYCLED** collection combines simplicity of design with clean lines and contemporary recycled fabrics that are beautifully textured and remarkably individual.

Working with speciality fabrics made from recycled plastics, industrial waste and textiles, we continue with our commitment to reduce plastic waste entering oceans and landfill. **Result** produces sustainable, ethical garments whose yarn production gives off fewer emissions and consumes less energy and water than the production of conventional yarns. We aim to 'close the loop' using fabrics that can be chemically or mechanically recycled back into textile fibres, and constantly review those materials classed as non-recyclable. Garments in this range are designed to be recycled at the end of their usable life and are made from as close to 100% recycled materials as possible.

**Result** works with certified brands **PERPETUAL**®, **TOPGREEN**®, **JIAREN**®, **YKK**®, **REPREVE**® & **REBORN**™ who create recycled fibres from consumer plastic, industrial waste and waste polyester fabrics, enabling us to calculate, based on a single size L garment, an equivalent number of 1 litre bottles that has been used to make this garment and prevented from being sent to landfill.

**Recycled SAFE-GUARD garments welcome early nightfall in styles to lift your safety and brighten dark working conditions, adding layers, texture and warmth to roadside visibility. The inks used to transfer reflective print on our recycled safety range are water-based, so more eco-friendly than traditional plastisol-based inks.**

To help reduce the release of plastic microfibers during laundering virgin polyester garments, we aim to increase the use of recycled materials across all our ranges, look for the transition logo to see when standard stock fabrics styles are transitioning over to recycled.

# REDUCING LANDFILL AND POLLUTION IN OUR OCEANS

**Result** Recycled has already stopped millions of 1 litre bottles from becoming landfill. Our goal is to increase use of recycled materials in our garments and reduce/eliminate any harm caused in their production.

- Reduce release of plastic microfibres
- Protect against soil contamination
- Reduce plastic in landfill
- Prevent air pollution

<p><b>FENC TOPGREEN</b> Recycled PET Filament</p> <p>Environmentally friendly materials made from recycled PET-bottles offering a sustainable equivalent to conventional yarns.</p>	<p><b>REPREVE</b></p> <p>REPREVE® performance recycled fabric uses environmental-friendly materials made from recycled plastic bottles and post-industrial waste.</p>
<p><b>YKK NATULON</b> Eco-Friendly Zippers</p> <p>Eco-Friendly zippers recycled from PET bottles and other post-consumer materials using the latest technology.</p>	<p><b>JIAREN</b> NEW MATERIALS</p> <p>Uses unique chemical recycling system where waste clothing and polyester materials are chemically decomposed and reduced.</p>
<p><b>REBORN</b></p> <p>REBORN™ recycled fabric uses materials made from post-consumer plastic bottles and post-consumer industrial plastic waste.</p>	<p><b>PERPETUAL</b> MAKING A MATERIAL DIFFERENCE</p> <p>PERPETUAL® has developed a unique scalable technology to convert plastic bottles into high quality filament yarn.</p>
<p><b>COTTON FREE</b></p> <p>Cotton-free production avoids growing expensive, environmentally demanding crops without leaching high levels of pesticides and toxic chemicals into the earth and water supplies.</p>	<p><b>RECYCLABLE</b></p> <p>When you no longer need your garment, check its label, contact your local end-of-life textile options to upcycle, and give your garment a second life by preventing landfill. Where indicated, fabrics and trims are suitable for extraction and repurposing.</p>
<p><b>PFC FREE</b></p> <p>This garment is PFC-Free.</p>	<p><b>PFOA FREE</b></p> <p>This garment is PFOA-Free.</p>

Fibres are spun into sustainable recycled yarn, knitted or woven into fabric

## DECORATION PROCESS

**Result** garments are designed to take decoration with hidden access points to allow for frame or platen purchase on outer fabric. Recommended decoration types have been tested independently and can be taken as an indication as to how the garment may perform. Accuracy or completeness is not guaranteed so before use, the decorator must still determine the suitability of the product for the decoration intended. Printers in particular employ different techniques and use a variety of products so **Result** does not take responsibility for third party decoration and always recommends testing before bulk decoration.

**TEST TO ENSURE INKS AND DEVICES ARE SUITABLE FOR PRINTING ON THIS FABRIC**

When garments can be printed onto any colour other than white, extreme caution must be observed.

Due to the engineering of manmade materials, there is a high risk of colour migration through the ink film. This may however be managed by experienced printers with the correct inks. When suggesting digital transfers, customers are encouraged to seek advice from their digital media supplier, whether be it for full colour imagery or simple vinyl CAD cut transfers.

For **DETAILED MEASUREMENT GUIDE** and company policies visit [resultrecycled.com](http://resultrecycled.com) Contact [enquiries@resultclothing.com](mailto:enquiries@resultclothing.com) for further guidance.

As with all **Result** garments, manufacture practice is checked to meet our high standards for a respectful and secure work environment with reasonable hours, good wage and work conditions for all staff. **Result** ensures the supply chain is traceable to prove origin of garments and where possible, **Result** Recycled garments use Oeko-Tex certified fabrics which are completely free from harmful chemicals and safe for human use. To attain Oeko-Tex Standard 100 certification, the fabric has been tested and certified to be free from harmful levels of more than 100 substances known to be harmful to human health.

**Result** Recycled garment production adheres to the Global Recycled Standards: An international, voluntary, full product standard that certifies recycled content, social and environmental practices and

Look out for our easy to rebrand label system.

RESULT® BODYWARMERS CAN BE WORN IN CONJUNCTION WITH OTHER LAYERS TO INCREASE WARMTH. THEY PERFORM AT THEIR BEST WHEN WORN OVER A SHIRT, SWEATER OR A LIGHT-WEIGHT OUTER GARMENT AND CAN GREATLY IMPROVE YOUR COMFORT.

Résiste à l'eau. Coupe-vent. Poches frontales avec fermeture auto-agrippante et inserts latéraux chauffe-mains. Rabat de protection avant doux avec fermeture éclair cachée. Fermeture zippée à l'avant, très résistante. Poche poitrine avec poche porte-stylo. Luxueux et doux au toucher. Dos plus long, très mode. Coutures double piquées. Taille partiellement élastiquée. Emmanchures échancrées. Poche intérieure. Patte de suspension.

Wasserabweisend. Winddicht. Aufgesetzte Taschen vorne mit Klettverschluss und Eingriffstaschen aus Microfleece. Weiche Windschutzleiste an der Vorderseite zur Abdeckung des Reißverschlusses. Hochwertiger, durchgehender Reißverschluss an der Vorderseite. Brusttasche mit Stifthalter. Weiches, luxuriöses Material. Modisch geschnittene, verlängerte Rückseite. Doppelt gesteppte Nähte. Teilweise elastische Taille. Tief geschnittene Ärmellöcher. Innentasche. Aufhänger.
